

With outstanding charging stations and comprehensive expertise, Compleo enables its customers to achieve electromobility. Large companies, operators and energy suppliers throughout Europe rely on Compleo's AC and DC charging stations. Active in the industry since 2009, over 300 employees now work for the Compleo team. For several years we have been on a path of continuous growth in the rapidly developing market of electromobility and to reinforce our team, we are looking for a

Manager Investor Relations (m/f/d)

Your mission:

- Preparation and presentation of the Compleo equity story to the capital market
- Establishing and managing of relationships with existing and potential investors as well as with analysts
- Organisation and active participation in investor meetings (conferences, roadshows, capital market day)
- Preparation of quarterly and yearly conference calls
- Close cooperation with all relevant internal departments (e.g. Legal, Controlling, Accounting)
- Continuous peer analysis, including operational and financial metrics
- Monitoring and evaluation of analyst reports including capital market feedback
- Support of investor relations processes (IR website, CRM tools, etc.)
- Direct report to the Head of Investor Relations

Your profile:

- Degree in business administration, ideally with a major in (corporate) finance
- Multiple years of professional experience in investment banking, alternatively in an investor relations department at a listed company
- Experience with company financial modelling and valuation methods
- Knowledge of IFRS accounting standards
- Outstanding analytical, financial and data management skills
- Ability to work under pressure and within strict deadlines
- High commitment, flexibility, persuasiveness, and friendliness
- Excellent oral and written skills in English
- Experience abroad is a plus
- Willingness to travel within the EU
- CFA or similar designations is a plus

Your outlook

- Dynamic and friendly environment, surrounded by people who want to make a difference in a growing company
- Open and uncomplicated communication
- Modern work equipment and flexible working time models
- Performance-oriented remuneration and other benefits, e.g. company pension plan with optional occupational disability insurance
- Trustworthy, competent works council
- Individual development and training opportunities

If you enjoy making a difference with your active involvement in a motivated team to shape the development of an innovative market, we would be delighted to receive your application at <https://compleo-charging-solutions-gmbh.jobs.personio.de/job/400216>
